Re: Proposed Change Order No. 1

Spot Slip Line High Inflow Areas

United Survey, Inc. Cured-In-Place Pipe Lining Contract

#### Dear Board Members:

As you are aware, United Survey Inc. was awarded a contract to perform Cured-In-Place Pipe Lining throughout various areas in the Town in the amount not to exceed \$500,000. The Contract was awarded as bid through the Erie County Division of Purchasing Contract #217039-002. The areas are being identified through video inspections performed by the SW&L Department, started work with Work Order No. 1, which was released in September 2020. The final anticipated cost of W.O. No. 1 was +/-\$85,500. W.O. No. 2 was released in February 2021 for lining Bussendorfer Road from Abbott Road to the corner, approximately 3,400 LF of clay tile pipe showing signs of infiltration and inflow that contribute to the documented surcharging of the Abbott Road sewer main. Also in W.O. #2, +/-332LF of sewers on Duerr Road and +/-1364 LF of sewers on California Road will be rehabilitated. The anticipated cost of W.O. No. 2 was not to exceed \$170,000. This brings the total Contract amount to date to be \$255,000, roughly 50% of the authorized original contract amount of \$500,000.

Due to the infiltration volumes, Change Order No. 1 (attached) quote for W.O. No. 2 in the amount of \$11,250, which represents a 0.22% increase to the overall Contract as proposed to \$511,250.00. The work associated with Change Order No. 1 is to perform two (2) spot slip liner repairs along Bussendorfer Road and one (1) slip line spot repair along Duerr Road near California between San MH Nos. 10129 and 10132 in order to reduce the volume of ground water pushing on the new liner. Currently this scope of work is not included within the contract scope of the Erie County Division of Purchasing Contract.
