**Re: Cornell Local Roads Program
Use of CAC fee waiver and training**

Dear Board Members:

The NYSLTAP-CLRP provides training, technical assistance and information to municipal agencies responsible for the maintenance, construction and management of local highways and bridges in New York State. The Town of Orchard Park currently uses their guidelines for our road assessment program. The Cornell Asset Management Program (CAMP) helps us implement a pavement management system for our highway network by collecting pavement inventory and condition data, and creating a five-year maintenance plan for our municipality. As you know, having current, accurate data when making decisions with allocating funding is critical. The Engineering Department, with the Highway Department, will be aggressively assessing our road infrastructure and providing this data for the Highway Superintendent over the next few months.

The Engineering Department and Highway Department are requesting to participate in pavement maintenance assessment training provided by CLRP. We are asking to utilize our training room located in the CAC and in exchange, receive training at no cost to Town of Orchard Park attendees. We understand that for the Town use, the fees associated with utilizing the training room are waived. CLRP is agreeable that approximately 3 employees to attend at no cost.

This training will be extremely beneficial to the Town of Orchard Park to assess our road infrastructure, and plan for the future maintenance plan to address failing road surfaces and drainage. It will be scheduled for April 26, 2022, from 8am to 5pm.

I, therefore, recommend the authorization to use a meeting room at the Community Activity Center for 30-40 people for a pavement maintenance assessment training program.

Respectfully submitted,

Re: Bid Award – Work Order #4
Cured-In-Place Sanitary Sewer Pipe lining Contract

Dear Board Members:

The SW&L Department is continuing to perform video inspections of the Town's sanitary sewer infrastructure. United Survey Inc. was awarded a contract to perform Cured-In-Place Pipe Lining throughout various areas in the Town. The contract was awarded as a bid through the Erie County Division of Purchasing Contract #217039-002. The areas are being identified through video inspections performed by the SW&L Department and prioritized by SW&L Department and the Engineering Department. The Town has lined over ±11,864 LF to date.

The following two Work Orders are complete:

- Work Order #1, released in September 2020 to rehabilitate the sanitary main on the west side of North Benzing Road (2,643 LF). Cost of Work Order #1 was \$83,888.
- Work Order #2 released in February 2021 to rehabilitate the sanitary main on a portion of Bussendorfer Road (3,454 LF), California Road between Duerr Road and Armor Duells Road (1,363 LF), and a portion of Duerr Road (327 LF). Cost of Work Order #2 was \$180,986.

Work Order #3 released in August 2021 to rehabilitate the sanitary mains on Shultz Road (874 LF), Meadowlawn Road (1,754 LF) and Middlesex Road (1,449 LF), all these roads are off Abbott Road. There remains a portion of Work Order #3 not complete. This area is located on Southwestern Boulevard between Mid County Drive and Pleasant Avenue (3,308 LF). This work has started and is scheduled to be completed.

The contract amount completed/paid to date for Work Order #3 is \$132,239. This amount does not include the work on Southwestern Boulevard (3,308 LF). The anticipated cost to complete the Southwestern Boulevard section is \$106,131. This brings the total contract amount for Work Order #1, 2, & 3 to \$503,244.

The Engineering Department has assembled and is recommending the release of Work Order #4. This work order will include the following streets:

- Forsythia Court, ±983 LF of Vitrified Clay Pipe (VCP),
- Red Fox Lane +/-1293 LF of Vitrified Clay Pipe (VCP),
- Willowbrook Drive +/-191 LF of Vitrified Clay Pipe (VCP),

Visit the Town's website at www.orchardparkny.org

- Webster Road (south side) ±4929 LF of Asbestos Cement Pipe (ACP),
- Webster Road (north side) ±1662 LF of Asbestos Cement Pipe (ACP),
- Deacon Street ±794 LF of Asbestos Cement Pipe (ACP),
- North Buffalo Street (west side) ±1554 LF of Asbestos Cement Pipe (ACP).

The section lined on Webster Road runs between Breem Street east to North Buffalo Street. This section has experienced major repairs over the last several years.

The section on North Buffalo Street runs from Webster Road south to Holland Lane. The sewer main is located in a wooded area that is only accessible from the backyards of the homes and from parking lots of business on North Buffalo Street.

This section will require additional work by the contractor to access and will require an additional expense to line this portion of sewer main. This work scope is not included with the County of Erie contract. The extra cost will be added to the final proposal for Work Order #4 and is estimated at \$4,500.

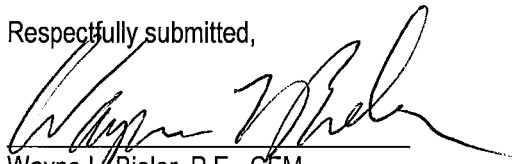

The total cost of Work Order #4 is \$404,786.50 and the cost of the additional work on North Buffalo Street is \$4,500.00 for a total of \$409,286.5. This will bring the current contract expenditures to \$912,530.50, roughly 91% of the authorized original contract amount.

Once work commences on Work Order #4, we will begin to assemble Work Order #5 lining projects targeting older, smaller neighborhoods within District 18 Oakwood, Allen, Glen, and other areas of need. As you know, some of the older neighborhoods in need of rehabilitation are part of smaller sanitary sewer district, and no work is currently being proposed within the small districts due to the pending consolidation of all Town Sanitary Sewer Districts. Once the consolidation process is completed, we will look to begin work in these areas.

There is presently funding allocated under Capital Project G0007 \$1,515,000, "Sanitary Sewer Main Televising and Relining" for this work.

I, therefore, recommend that you adopt the following resolution to approve Work Order #4 for the CIPP Rehabilitation contract with United Survey Inc., 25145 Broadway Avenue, Cleveland, Ohio 44146, in the amount not to exceed \$409,286.50.
