**Re: *Birdsong Subdivision Part 3B Phase 1 & Phase 2A; PIP #2021-02
Traffic Order***

Dear Board Members:

The Police Chief, Highway Superintendent and I have reviewed the street layout for the above referenced subdivision phase.

Upon dedication of Birdsong Subdivision Part 3B Phase 1 & Phase 2A, PIP #2021-02, I hereby recommend that you adopt the following traffic order:

- Authorize the posting of a **STOP SIGN** on Osprey Court at the intersection of Birdsong Parkway.
- Authorize the posting of a **STOP SIGN** on Blue Heron Drive at the intersection of Birdsong Parkway.
- Authorize the posting of a **STOP SIGN** on Blue Heron Drive at the intersection of Woodthrush Trail.
- Authorize the posting of a **STOP SIGN** on Kestrel Court at the intersection of Woodthrush Trail.
- Authorize the posting of a **STOP SIGN** on Woodthrush Trail at the intersection of Blue Heron Drive.

Respectfully submitted,

Wayne L. Bieler, P.E., CFM
Town Engineer

**Re: *Proposed Change Order #1 – Addressing Extra Work
Bussendorfer Overlay Paving Project***

Dear Board Members:

The Engineering Department is requesting your approval of a Change Order (attached) to the contract with Milherst Construction, Inc. for the Bussendorfer Overlay Paving Project in the amount of \$1,375.00. If approved, this would increase the total contract amount to \$117,975.00, representing an increase of 0.01%.

The Change Order requested is to revise the work scope under their contract to address additional Type 7F asphalt placed 15-feet beyond Contract Limits to match better existing pavement, and to furnish and to install ten (10) valve box risers on existing water valve boxes in the existing road pavement.

There is presently funding under FX008 Bussendorfer Water Project \$13,038.

I, therefore, recommend that you approve Change Order #1 to our original contract with Milherst Construction, Inc. for the Bussendorfer Overlay Paving Project in the amount not to exceed \$1,375.00.

Respectfully submitted,

Wayne L. Bieler, P.E., CFM
Town Engineer

**Re: Surplus Vehicle (Age & Costly Repairs)
2013 Ford F150 Super Cab (VIN #1FTFX1EFXDKF38126)
Assignment to Engineering Department**

Dear Board Members:

As discussed, the Engineering Department recommended replacement of the 10 yr old 2013 truck. Vehicles in the fleet are typically used by several employees and end up being used by Engineering or Special Districts summer help.

The 2013 F150 Super Cab 4x4 truck is currently being used for surveying but experiencing repair issues often, is badly rusted, has body damage, transmission issues and is becoming questionable to pass inspection. This 2013 vehicle has 40,000 miles and a lot of idling time.

The truck runs and is drivable so sending it to public auction would most likely be in the Town's best interest. A trade in value has also been requested from dealer.

I, therefore, recommend that you declare the 2013 F150 Super cab (VIN #1FTFX1EFXDKF38126) as a surplus vehicle, and authorize the sale of this vehicle or trade in.

Very truly yours,

Wayne L. Bieler, P.E., CFM
Town Engineer

**Re: *Purchase 2023 F150 Super cab Pickup Truck
Assignment to Engineering Department***

Dear Board Members:

As you know, replacements of inspection vehicles is needed. Vehicles are used by several employees to maximize the truck life. The Engineering Department or Special Districts use the vehicle for summer help as it ages.

With the 2013 pickup declared surplus, the survey equipment box will be removed and will fit into the bed of the Departments existing 2015 truck, which has 49,193 miles on it. This work can be done during the winter as time permits. The new truck will be used by the Town Engineer and two office managers for numerous field complaint/inspection work and various construction inspections that are required for subdivisions and Town projects that are under construction.

The funds are already in the budget for this year; #AO1440-50200 Engineering Equipment \$37,800.00. Delivery time is about 5 months from the Order date.

I, therefore, recommend that you authorize the purchase of a new 2023 Ford F150 super cab 4x4 from DeLacy Ford under State/County Bid for amount not to exceed \$37,800.00 under State Bid for the Orchard Park Engineering Department, pending trade in value or action sale.

Very truly yours,

Wayne L. Bieler, P.E., CFM
Town Engineer
