Celebrate
Arbor Day

- Whereas,* In 1872, J. Sterling Morton proposed to the Nebraska Board of Agriculture that a special day be set aside for the planting of trees, and
- Whereas,* this holiday, called Arbor Day, was first observed with the planting of more than a million trees in Nebraska, and
- Whereas,* Arbor Day is now observed throughout the nation and the world, and
- Whereas,* trees can reduce the erosion of our precious topsoil by wind and water, cut heating and cooling costs, moderate the temperature, clean the air, produce life-giving oxygen, and provide habitat for wildlife, and
- Whereas,* trees are a renewable resource giving us paper, wood for our homes, fuel for our fires and countless other wood products, and
- Whereas,* trees in our city increase property values, enhance the economic vitality of business areas, and beautify our community, and
- Whereas,* trees, wherever they are planted, are a source of joy and spiritual renewal.

Now, Therefore, I, Eugene Majchrzak, Supervisor of the
Town of Orchard Park, do hereby proclaim
April 26, 2024 as

 **Arbor Day**

In the Town of Orchard Park, and I urge all citizens to celebrate Arbor Day and to support efforts to protect our trees and woodlands, and

Further, I urge all citizens to plant trees to gladden the heart and promote the well-being of this and future generations.

Dated this 17th day of April 2024
Supervisor Eugene Majchrzak

*You are cordially invited to attend a
ceremony*

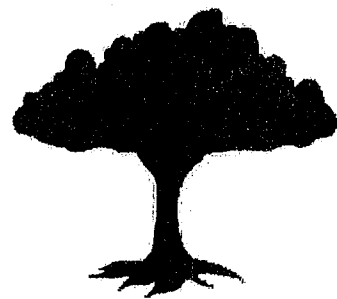

OPEN TO THE PUBLIC

To dedicate a **Chestnut Oak Tree** in the
Steinwach's Oak Grove for

Marian Ffield

For her many years of service to the Citizens of Orchard Park,
first and foremost as a Community Leader, Town
Committeewoman, and much more.

*Please join the Town of Orchard Park
Arbor Day Tree Dedication*

Friday, April 26, 2024

4:45pm

Steinwach's Oak Grove

*NEXT TO THE ORCHARD PARK LIBRARY, PARKING
AVAILABLE AT THE LIBRARY*

*You are cordially invited to attend a
ceremony*

OPEN TO THE PUBLIC

To dedicate a Chestnut Oak Tree in the
Steinwach's Oak Grove for

Harold T. Fabinsky

For his many years of service to the Citizens of Orchard Park,
first and foremost as a Community Leader, Town Chairman,
Committeeman, and much more.

TOWN ENGINEER
WAYNE L. BIELER, P.E.

April 15, 2024

Honorable Town Board
Town of Orchard Park
4295 South Buffalo Street
Orchard Park, New York 14127

**Re: Bussendorfer Road Waterline Replacement Project
Final Change Order & Release of Retention**

Dear Board Members:

I am pleased to inform you that construction work the on Bussendorfer Road Waterline Replacement Project has been completed. On October 18, 2022, a final inspection was conducted and all of the work has since been satisfactorily completed in accordance with the contract documents and specifications.

A two-year maintenance bond, in the amount of \$554,548.20, has been submitted along with the Affidavit of Release of Liens, Affidavit of Subcontractor Payment, and necessary legal documents.

Attached is a copy of the final project Change Order and associated Over/Under sheet. The Over/Under sheet lists the final adjustments to the quantities for each bid item and shows there will be a net decrease of \$153,659.87. This represents a decrease of 20.91% from the original amount bid with change orders.

I, therefore, recommend that you adopt the following resolutions:

- Authorize the release of retention and final payment for Bussendorfer Road Waterline Replacement Project to Fairway Contracting, Inc., PO Box 352, Orchard Park, New York 14127, in the amount of \$27,727.41.
- Authorize the Town Clerk to release Fairway Contracting, Inc.'s performance security for Bussendorfer Road Waterline Replacement Project in the amount of \$734,844.00.

Respectfully submitted,

Wayne L. Bieler, P.E., CFM
Town Engineer

Re: **Final Dedication**
Birdsong Part 6 Subdivision Watermain Relocation; PIP #2023-02

Dear Board Members:

On January 18, 2024, final inspection was conducted of the public improvement to relocate a watermain to facilitate the Birdsong Part 6 Subdivision off Old Transit Road.

The project consists of the relocation of 285 L.F. of an existing 12-inch diameter watermain along Old Transit Road do to proposed grades for the 4 residential sublots as shown on the attached location map and cover concerns. ECWA had a concern regarding a possible leak with water coming up but digging and testing proved it was just groundwater. All work has been satisfactorily completed in accordance with Town specifications with the exception of the following:

- o Complete final seeding and mulching or hydro seeding the limits of work on easement & R.O.W. and the Part 6 four sublots, when weather permits this spring.
\$ 5,000

We are in receipt of the cash securities for the item noted above. A two-year maintenance bond in the amount of \$37,500 has been submitted along with all other necessary documents.

I, therefore, recommend that you authorize the Town Attorney to proceed with the dedication of the relocated 12-inch diameter watermain improvements in the Birdsong Part 6, PIP #2023-02 and you authorize the Town Clerk to release the performance security in the amount of \$7,500.00.

Respectfully submitted,

Wayne L. Bieler, P.E., CFM
Town Engineer

**Re: Community Activity Center – Door Openers Project (General Contract)
Final Payment/Release of Retention**

Dear Board Members:

I am pleased to inform you that construction work on the Community Activity Center – Door Openers Project has been completed. A final inspection was conducted and all of the work has been satisfactorily completed in accordance with the contract documents and specifications.

The Affidavit of Release of Liens and Affidavit of Payment of Debts for the project has been submitted.

Attached is a copy of the final payment request sheet / release of retention.

I, therefore, recommend that you approve and authorize the Final Payment / Release of Retention to the general contractor: Imperial Door Controls, Inc. 85 Oriskany Drive, Tonawanda, New York 14150-6722 for the Community Activity Center – Door Openers Project in the amount of \$35,603.

Respectfully submitted,

**Re: Change Order #1
Dennis Road Bridge/Culvert Replacement
Over the South Branch of Smokes Creek**

Dear Board Members:

The Engineering Department is requesting your approval of Change Order #1 to the Contract with C&S Company's, for Design of the Dennis Road Culvert Replacement Project.

C&S Company's is requesting a \$26,000 (maximum amount payable) increase to their agreement to cover additional work not included within their original scope of work. This includes, additional ROW mapping and appraisal services, streambank armoring on private property, traffic counts, and landscaping, etc. per NYSDOT design report comments.

If approved, this change order would increase the Contract amount to \$188,000 from \$162,000, representing an increase of 16%. There is a Capital Account DB015 Dennis Road Culvert setup, which per accounting, will track all project costs under Capital Project DB015, Dennis Road Culvert Replacement Project for 100% reimbursement with the BridgeNY Culvert Program.

I, therefore, recommend that you approve Change Order #1 to the design agreement with C&S Companies, 141 Elm Street, Suite 100, Buffalo, New York, 14203, in an amount not to exceed \$26,000.00.

Respectfully submitted,

**Re: 2024 Part Time Seasonal Help
Engineering Department**

Dear Board Members:

Funds have been allocated in the 2024 budget for seasonal help in the Engineering Department. With the current work load of the Engineering Department and the vacant positions in the Engineering Department, I am recommending Peter Lukasiewicz's appointment to assist us.

Peter is completing his third year at SUNY Buffalo State University for a Bachelor of Sciences in Urban Planning, Minor in Geographic Information System. Peter has, in the past, assisted with updating the Town Wide Trail Master Plan, GIS Town Wide Stormwater Management work, various proposed zoning changes and assisted with surveying. We would like him to return and continue this work.

I, therefore, recommend that you approve Peter Lukasiewicz, help in the Engineering Department two days a week for no more than sixteen hours a week, beginning April 15, 2024 at a wage rate of \$17.00 per hour.

Respectfully submitted,

Wayne L. Bieler, P.E., CFM
Town Engineer

WHEREAS, Daniel Lagoda was promoted to the position of Patrol Captain, (provisionally) on July 23, 2022 and on April 13, 2024 Captain Lagoda received notification from the Erie County Department of Personnel that he passed exam #74-295, Police Captain-Second Line Supervisor.

RESOLVED, that the Town Board does authorize the appointment of Daniel Lagoda to the position of Patrol Captain (Permanent), to be effective April 12, 2024.

TC

RESOLVED, that the Town board does hereby approve the appointment of Mark Antonio to the position of Police Officer in the Orchard Park Police Department, Step 2, effective May 3, 2024, as recommended by the Chief of Police.

TC

RESOLVED, that the Town board does hereby approve the appointment of Michael Lococo to the position of Police Officer in the Orchard Park Police Department, Step 2, effective April 27, 2024, as recommended by the Chief of Police.

TC

RESOLVED, that the Town Board is hereby authorized to appoint Kristin Guadagno to the 2024 part-time staff for the Orchard Park Recreation and Parks Department effective April 19, 2024 as a Program Coordinator 1 and an hourly pay rate of \$16.25 as recommended by the Recreation Director.

TC

RESOLVED, that the Town Board does hereby approve the reappointment of John Forness to the Parks and Grounds Department for the maintenance of the Milestrip Road Soccer Complex as a Seasonal non-union hire with an hourly payrate of \$20.45 and a start date of April 15, 2024.

TC

RESOLVED, that the Town Board does hereby approve that the current members of the Board of Assessment Review (BAR) are authorized to select a chairperson for the BAR for the term October 1, 2024 to September 30, 2025.

WHEREAS, NY State has passed the Climate Leadership and Community Protection Act (the Climate Act) calling for 70 percent of electricity in the state to be produced by renewable resources by 2030 , and 100 percent of the state's electricity be generated by renewable resources by 2040; and

WHEREAS, wind energy has been designated by the Climate Act as an essential form of renewable energy; and

WHEREAS, there are a number of commercial wind energy facilities operating in Western New York, with more in the planning and permitting stages; and

WHEREAS, NY State's power grid manager New York Independent Systems Operator(NYISO) has determined the Western New York zone of grid to be 89 percent free of carbon emissions in the generation of electricity; (5), and

WHEREAS, NYISO has described the lack of electricity transmission facilities capable of transmitting electricity from Western New York to downstate grid zones which are 90 percent dependent on fossil fuels for generating electricity; (6), and

WHEREAS, the New York State Energy Research and Development Authority determined in 2022 that this is not the right time to consider constructing offshore wind facilities in Lake Erie; (7),and

WHEREAS, the offshore wind industry is experiencing global difficulties related to inflation and supply line shortages as evidenced by the recent NY State Public Service Commission decision denying industry requests for higher power delivery rates: (8), and

WHEREAS, the long planned Lake Erie offshore wind energy project known as Icebreaker Wind near Cleveland, Ohio, has recently been suspended (8a),

WHEREAS, questions concerning offshore wind energy facilities in fresh water bodies remain unanswered such as these which are not included in the NYSERDA reports of 2011 and 2022:

- What assurances that toxic industrial wastes in the lake bed will not be disturbed to endanger safe drinking water and enter the food chain of Lake Erie's fish and bird species (9)
- How would the placement of offshore wind turbines in Lake Erie affect the migratory pathways and behavior of economically important game fish (10)
- What would be the impact on tourism of placing wind turbines in Lake Erie (11)
- Specifically how would offshore wind turbines in Lake Erie contribute to the emissions reduction goals of the Climate Act (12)
- How would the radar interference created by offshore wind turbines in Lake Erie affect the safety of shipping, recreational boating, search and rescue operations and international border security (13)
- How would microplastics and toxic chemicals like BPA and PFAS emitted by wind turbines impact water quality and the ecology of Lake Erie (14)
- How much oil and other petroleum products are contained within each offshore wind turbine and how would oil spills from wind turbines be mediated, and other maintenance performed during annual periods of ice coverage on Lake Erie (15)
- How would noise and vibrations emitted by wind turbines impact the quiet enjoyment of Lake Erie by fishers, boaters and nearshore residents and visitors (16)
- What are the effects of vibrations emitted by wind turbines on the organisms living in the lake bed (17)
- How would the blinking red lights atop each offshore wind turbines be reconciled with increased interest in preventing light pollution in dark skies (18)
- What would be the impact of placing offshore wind turbines in Lake Erie's migratory flyways of birds, bats and butterflies (19)
- What are the cumulative impacts of placing offshore wind turbines in Lake Erie given the already large concentration of onshore wind turbines along the Ontario shoreline and the elevations overlooking the lake in Chautauqua County

- What restrictions or no-go zones would be imposed on fishers and boaters in Lake Erie (20)
- How would the Public Trust Doctrine which serves to protect the interests of all Western New Yorkers in a healthy Lake Erie be honored in the context of primary financial benefits to the offshore wind industry
- How would offshore wind turbines impact historic sites such as shipwrecks and lighthouses (21)
- Would the rights of the Seneca Nation of Indians to administer water quality standards on the Cattaraugus Reservation be a consideration in placing offshore wind turbines in Lake Erie (22)
- Would the high costs of offshore wind energy in Lake Erie be explained to Town of Hamburg electricity ratepayers in terms of monthly increases to their utility bills
- How would property values along the lake shore be impacted by viewsheds including offshore wind turbines and their industrial support and maintenance activities.
- Conclusion: Some of these questions cannot be answered, or would be cost prohibitive to address. There are many documented examples of negative impacts of wind turbines on both terrestrial and aquatic environments. There are alternatives such as small modular nuclear and hydropower, which deserve significant consideration as possible future sources of power and do not negatively affect Lake Erie or other large bodies of water.

NOW, THEREFORE be it

RESOLVED, that the Town Board does hereby oppose, at this time, any efforts to introduce offshore wind turbines in the waters of Lake Erie; and be it further

RESOLVED, that the Town Clerk shall forward a certified copy of this Town Board resolution to Honorable Governor Kathy Hochul.

TC

RESOLVED, that the Town Board of Orchard Park does hereby authorize the Supervisor to sign a contract with EBC HR & Payroll Solutions, Inc. located at 301 Ohio Street, Suite 250, Buffalo, NY 14204 with a start date of May 1, 2024 and an end date of October 31, 2024, as recommended by the Town Supervisor.

70

RESOLVED, that the Town Board does hereby authorize the Supervisor to sign the Lease Management Agreement with the Erie County Water Authority.

**Re: Signal Permit for the intersection of Lake Avenue & North Benzing
Erie County Department of Public Work Permit.**

Dear Board Members:

As you are aware from the traffic study, there has been an increase in traffic patterns through the North Benzing and Lake Avenue intersection. Other residences have also called to complain about the amount of time it takes to make a left turn onto Lake Avenue from North Benzing. Change the flashing yellow/red signal to a 3 phase signal may also reduce traffic toward Bieler Road by making a left turn easier. Even though the signal is on a County Highway, per NYS, it is owned and maintained by the Town of Orchard Park, Erie County does not own any signals. In order to change its function, a traffic study was conducted by Passero Engineering Architecture, (Which supported the signal change to 3 phases). The Orchard Park Engineering Department submitted it to the Erie County Department of Public Work. Subsequently, the study was approved by the Erie County Department of Public Work and the attached permit was sent.

Hence, attached is the permit, which the Town Supervisor needs to sign to physically start the work to change the signal from flashing yellow to 3 phase at Lake Avenue and North Benzing Road. In addition, per the April 10, 2024 email, the Orchard Park Highway Department is aware to coordinate with the Erie County Department of Public Work any and all field efforts, such as required signage, etc. to change the signal. I am of the understanding, a warning sign has to be placed a week before and for the first week with the 3 phase in place.

I, therefore, recommend that you adopt the following resolutions:

- 1) Authorize the Supervisor to sign the Erie County permit to change the signal from flashing yellow/red to 3 phase at Lake Avenue and North Benzing Road.
- 2) Authorize the Orchard Park Highway Department to coordinate with the Erie County Department of Public Work any and all field efforts to change the signal from flashing yellow to 3 phase at Lake Avenue and North Benzing Road.

Respectfully submitted,

**Re: Riley Meadows West Subdivision - Phase 4
P.I.P. #2023-01
Connection of Decorative Light Fixtures – NYSEG Prices**

Dear Board Members:

We have received a proposal from NYSEG for the installation of one (1) decorative street light fixture on Grove Road in the Riley Meadows West Subdivision, Phase 4. At present, there are twenty four (4) single-family homes currently under constructed in this Subdivision's Phase.

The LED luminaires infrastructure, which are owned and maintained by the Town, have been installed under PIP # 2023-01. The Town will maintain the poles, bulbs, and the electric eye of the luminaires and NYSEG will provide the energy only per the SC4 classification agreement. The Town purchases the electricity from the supplier, which is *estimated* to be \$42.03/ea. for an annual estimated cost of \$42.03 for this one decorative light pole. The attached application will add the new LED light to our existing SC4 (service classification) account. Charges for energy to the light may vary due to the electricity pricing trends from summer and winter month rate fluctuation.

I, therefore, recommend that you authorize NYSEG to connect one (1) LED decorative light fixtures on Grove Road in the Riley Meadows West Subdivision Phase 4, installed under PIP #2023-01 at an estimated annual increased energy cost of \$42.03 to the Consolidated Light District in accordance with the attached NYSEG proposal.

**Re: Sanitary Sewer Improvements for 65 and 66 Coventry Lane
PIP #2024-01**

Dear Board Members:

We have received, from Shawn Hanley, 66 Coventry Lane; Orchard Park, New York 14127, an application for a Public Improvement Permit for sanitary mainline sewer improvements to facilitate 65 and 66 Coventry Lane sewer laterals.

The project consists of the extension of a sanitary mainline sewer by 20 L.F. and the installation of two (2) sanitary manholes to serve 65 and 66 Coventry Lane as shown on the attached location map. The PIP form is attached.

I have reviewed the plans and specifications for the proposed project and have found them to be in compliance with current Town Specifications and Standards. We are in receipt of all necessary fees, bond, and insurances.

I, therefore, recommend approval of the Public Improvement Permit #2024-01 for 65 and 66 Coventry Lane Sanitary Sewer Improvements.

Respectfully submitted,

**Re: Application for the Excavation, Removal, and
Storage of Materials Permit (#2024-01)
Fill Placement Associated with Bridge Construction on Transit Road**

Dear Board Members:

We have received from Union Concrete and Construction Corp., 435 Meyer Road; West Seneca, New York 14224, an application for an Excavation, Removal, and Storage of Materials Permit to stockpile / deposit approximately 42,631 Cubic Yards (CY) of fill at the adjacent Harvest Hill Golf Course. The fill will be generated from the nearby bridge replacement project on Transit Road (Route 20).

I have reviewed the plans and have found them to be acceptable. All necessary fees have been paid, and the Site Improvement Bond and Contractor's Insurance Certifications were provided. This permit excludes the provisions under Town Code 144-26.D. and P (erecting corner posts with signage and construction fencing), because code sections were combined with other Town Codes in error. One sign will be erected near the SWPPP Mail Box near the filling construction entrance of the golf course.

I, therefore, recommend that you approve the application for the Excavation, Removal, and Storage of Materials Permit No. 2024-01 to stockpile / deposit approximately 42,631 Cubic Yards (CY) of fill at the Harvest Hill Golf Course which will be generated from a nearby bridge project on Transit Road.

Respectfully submitted,

ORCHARD PARK**

MEMORANDUM

S.4295 SOUTH BUFFALO STREET
ORCHARD PARK, NEW YORK 14127
(716) 662-6432

DATE: 4/12/2024

TO: Town Clerk, Remy Orffeo, Jenifer Brady, and Building Inspector Tom Minor

FROM: Rosemary Messina, Planning Secretary

SUBJECT: April 17, 2024 - TB Agenda Old Business Item

OLD BUSINESS:

The Planning Board, at their 4/11/2024 meeting made the following recommendation to the Town Board:

1. **Regarding "Bend Creek Subdivision"** the Planning Board recommends to **APPROVE** the request to Rezone 5.5 +/- Acres V/L, (SBL#153.17-1-1.1) located on the north side of Milestrip Road, across from Mooreland Drive, from B-2, to R-3 Residential, for the development of a 9 - Lot Single Family Subdivision, based on the following conditions and stipulations:

1. All public notices have been filed.
2. This is an Unlisted SEQR action based on the submitted Short EAF, Parts One and Two, and a Negative Declaration is recommended.
3. Fees shall be paid in accordance with Section 144-70C, of the Town Code prior to publication of the Public Hearing Notice.
4. The Planning Board recommends the Town Board set a Public Hearing date for this rezoning.

BUILDING DEPARTMENT COPY: Please review and indicate if any Zoning corrections are needed.

MEMORANDUM

S.4295 SOUTH BUFFALO STREET
ORCHARD PARK, NEW YORK 14127
(716) 662-6432, ext. 2202

DATE: 4/12/2024

TO: Town Clerk, Remy Orffeo
Jenifer Brady
Building Inspector Tom Minor

FROM: Anna Worang-Zizzi, Planning Secretary

SUBJECT: April 17, 2024 - TB Agenda new items for referral

NEW BUSINESS:

Please refer the following to the Planning & Conservation Boards, for their review and recommendation of the following request:

1. 3310 Southwestern Blvd. Located on the northwest side of Southwestern Blvd., south of Lake Avenue, Zoned B-1. Brian Gilbride is requesting a parking expansion. (SBL #152.16-6-1.112)
2. 3009 Union Road, located on the southeast corner of Union Road and Michael Road, Zoned B-2. Keystone Novelties is requesting authorization for an outside display for a "fourth of July tent sale" to operate 6/21/2024 through 7/5/2024. (SBL# 152.12-2-7)

BUILDING DEPARTMENT COPY: Please review above and indicate if any Zoning corrections are needed.
